

NEUROCAM-IQ PITCH DECK

Innovative solutions combining
neuroscience and smart technology

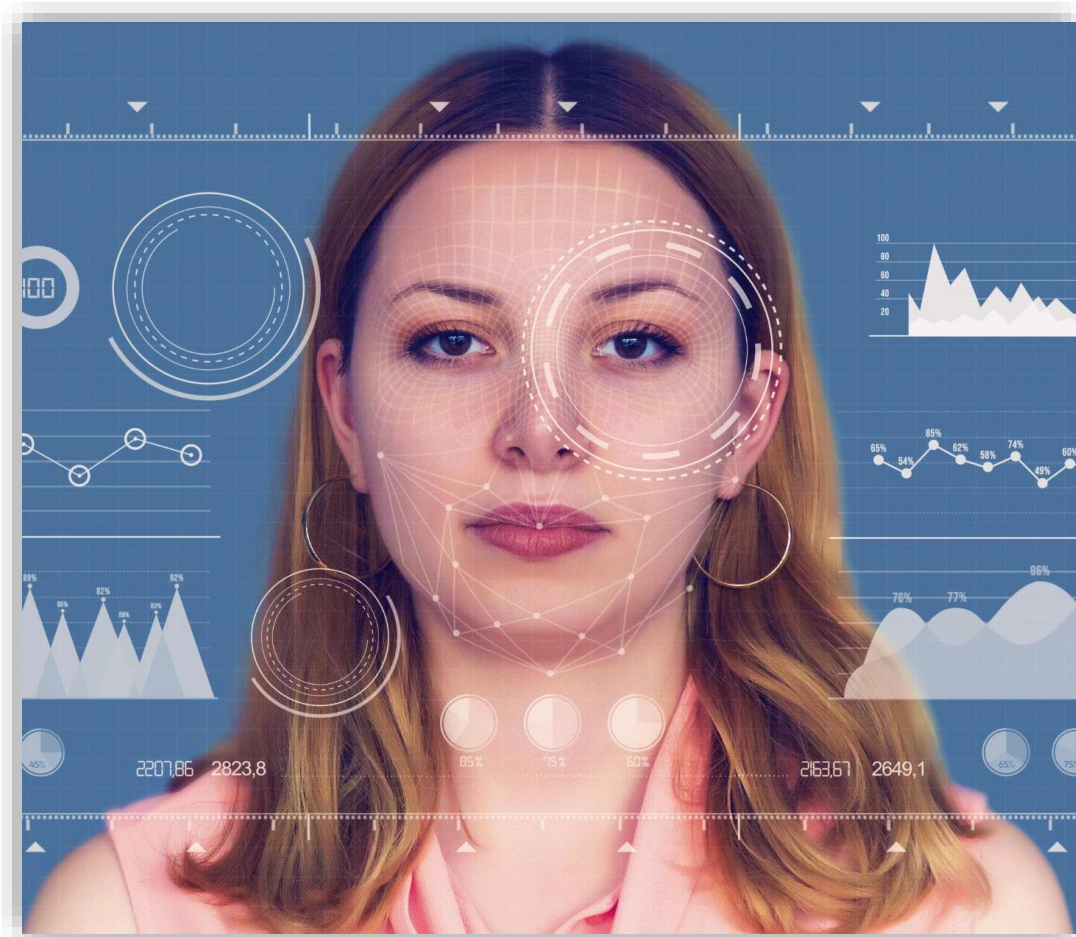

NEUROCAM-IQ

NEUROCAM-IQ OVERVIEW

FEATURES

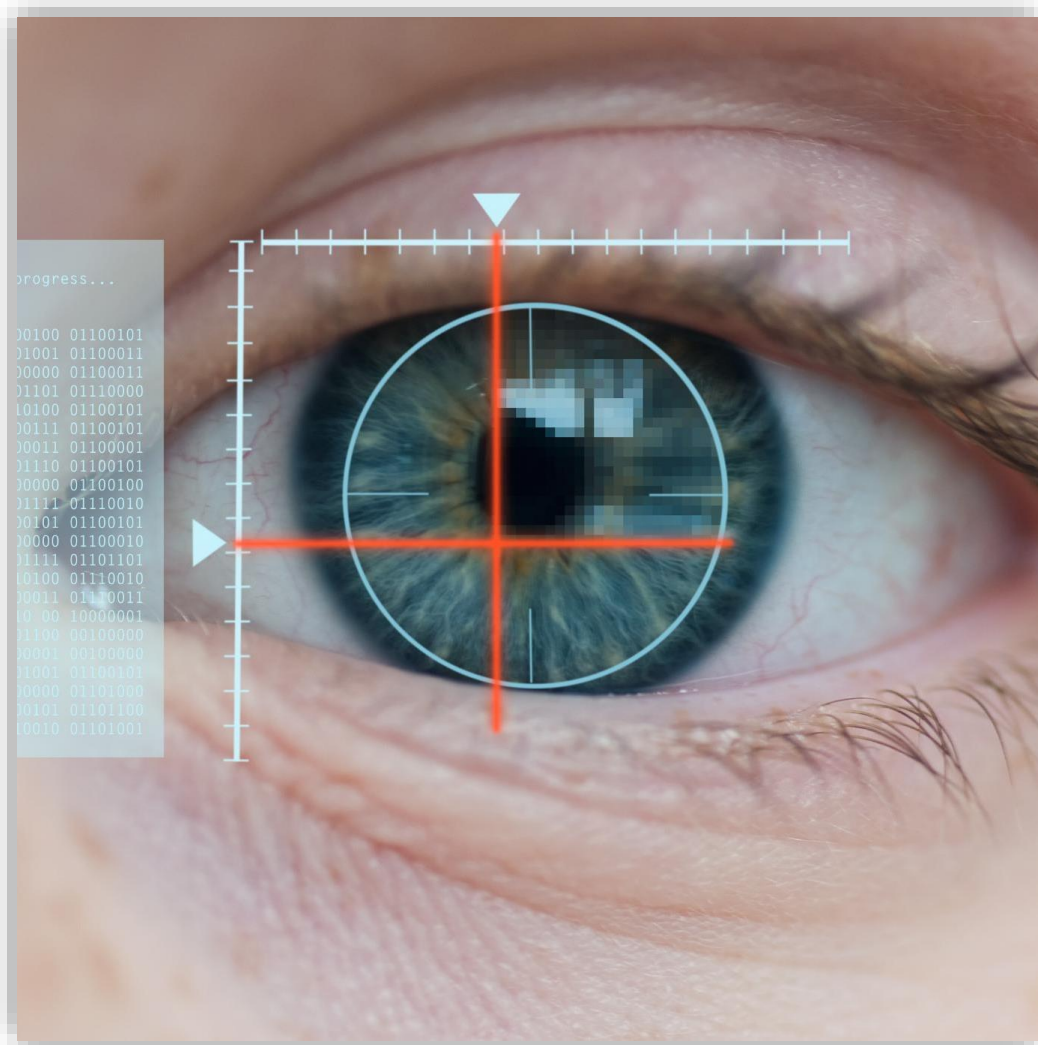

NEUROCAM-IQ

Advanced Facial Recognition

Customizable Business Rules

Role-Based Dashboards

PROBLEM STATEMENT

NEUROCAM-IQ

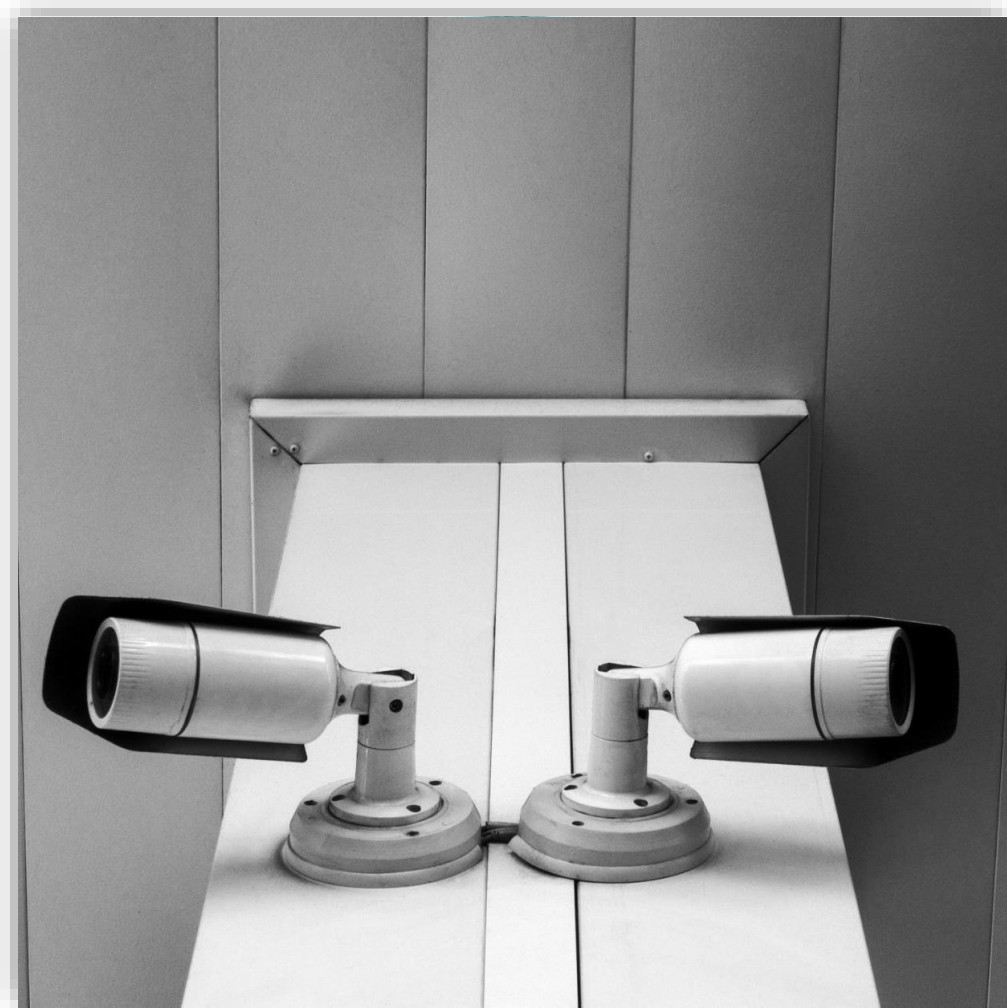

Lack of Actionable Insights

Manual Monitoring Challenges

Missing Role-Based Intelligence

Limited Facial Recognition

SOLUTION-NEUROCAM-IQ

NEUROCAM-IQ

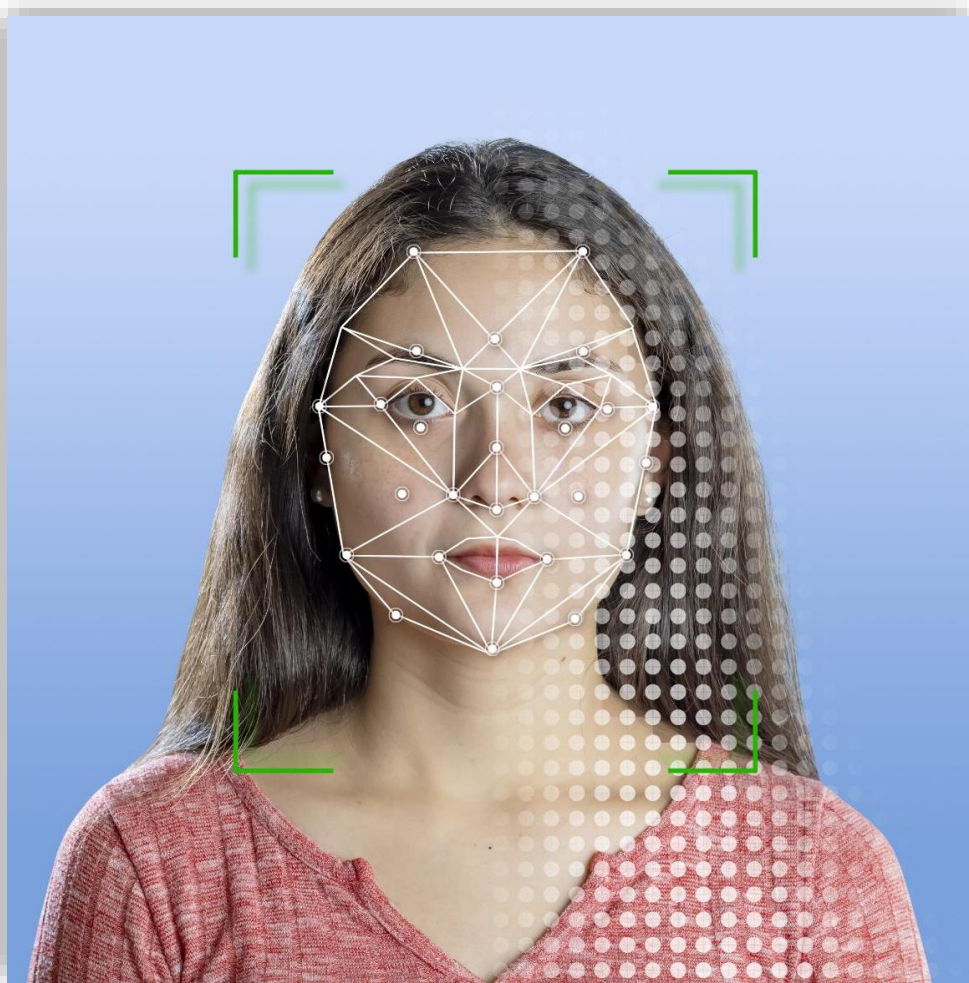

Unified Smart Surveillance

Real-Time Video Analytics

Advanced Facial Recognition

Role-Based Dashboards

KEY FEATURES

NEUROCAM-IQ

Real-Time Video Processing

Facial Recognition with Tagging

Customizable Business Rule Engine

Role-Based Dashboards and Alerts

ARCHITECTURE OVERVIEW

NEUROCAM-IQ

Video Capture and Processing

AI-Driven Analytics

Role-Based Dashboards

System Integrations

INDUSTRY USE CASES

NEUROCAM-IQ

Retail Customer Insights

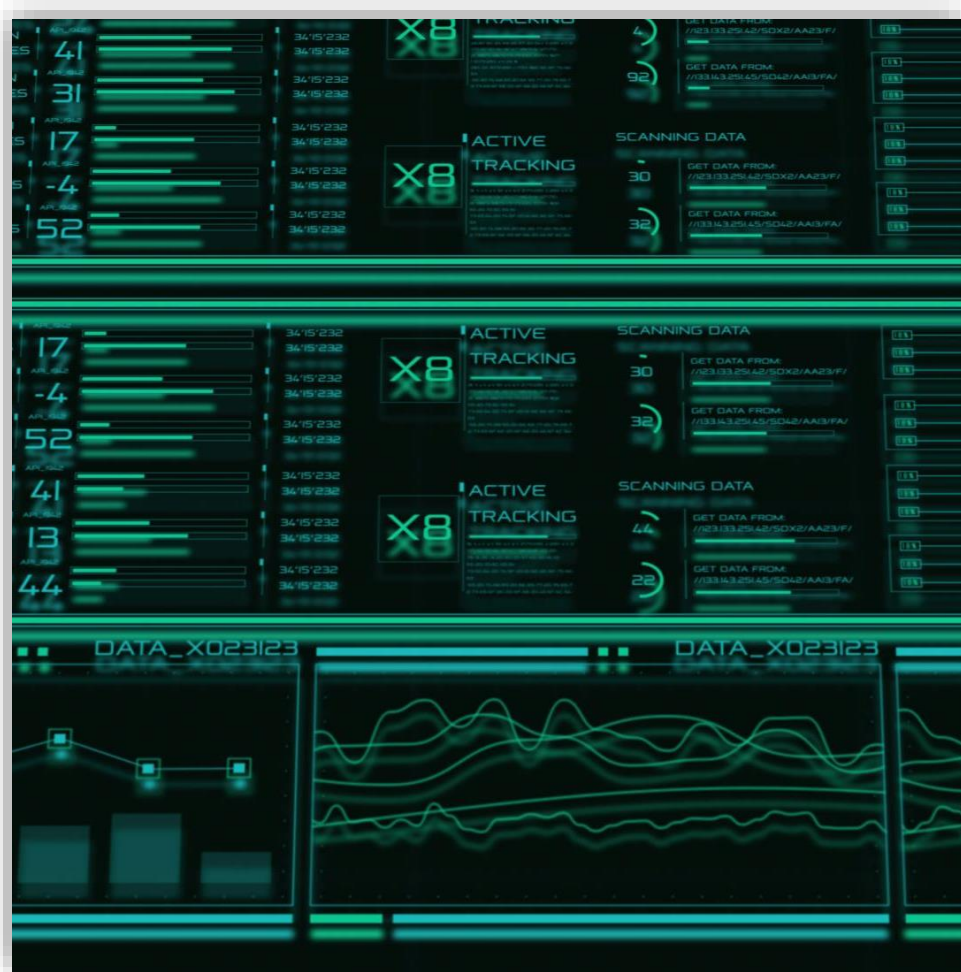

Manufacturing Safety Compliance

Educational Attendance Tracking

Educational Attendance Tracking

Healthcare Patient Monitoring

DASHBOARD PREVIEWS

NEUROCAM-IQ

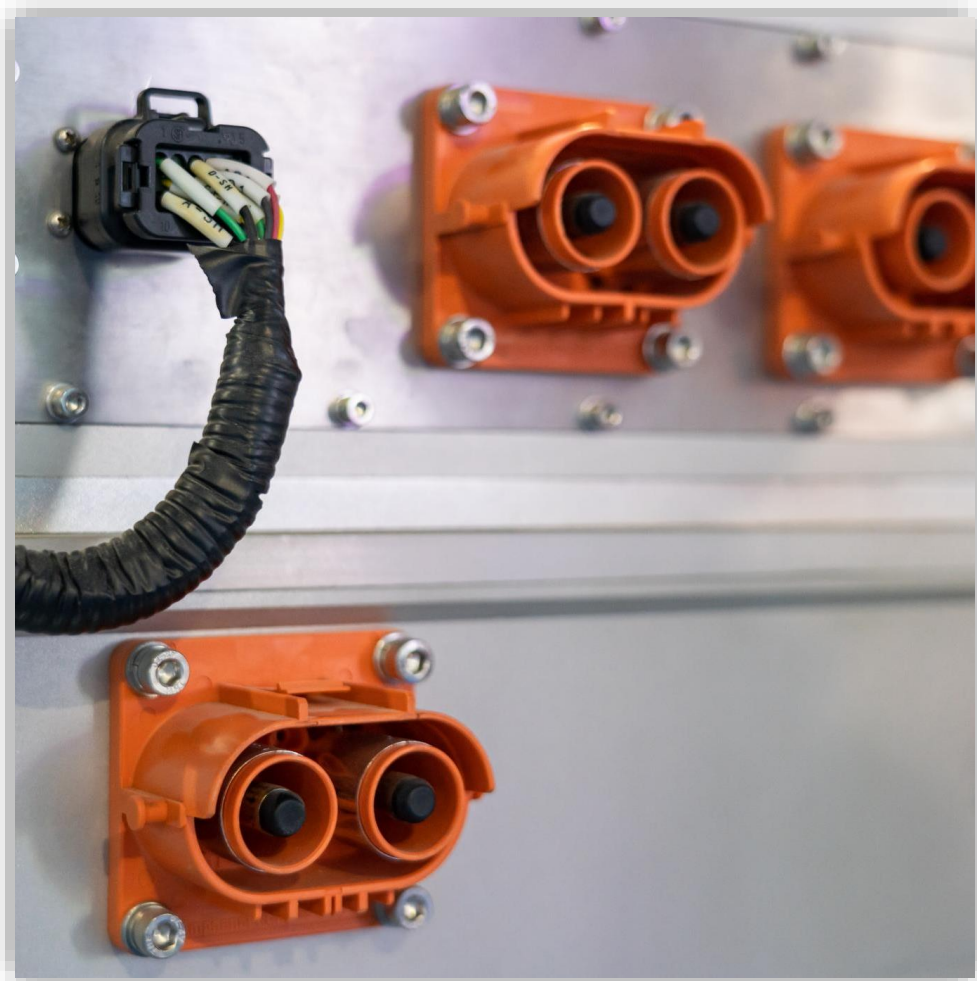

Role-Based Dashboard Views

Security Monitoring Tools

Administrative and HR Insights

Operations and Compliance Tracking

COMPETITIVE ADVANTAGE

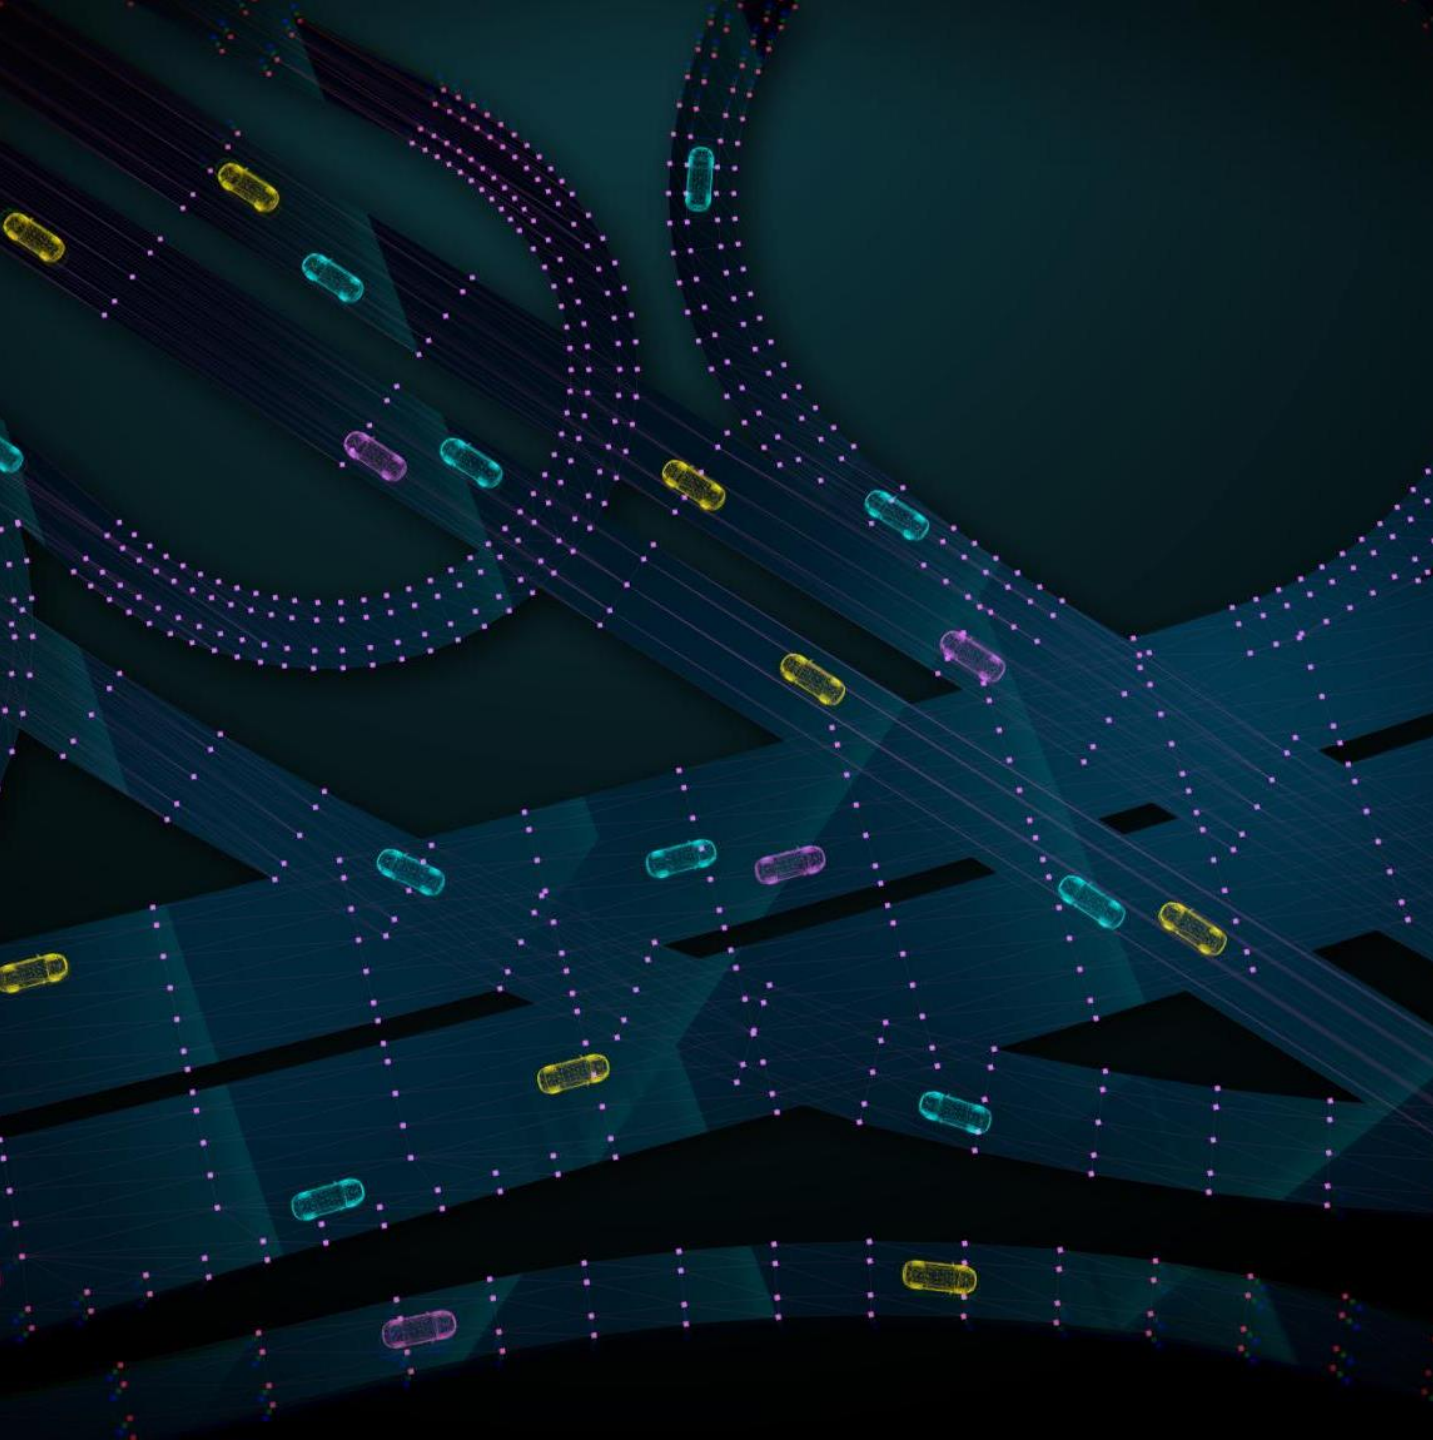

NEUROCAM-IQ

Plug-and-Play Functionality

Lightweight High Performance

Scalable Architecture

Privacy-Compliant Facial Recognition

ROADMAP

Current Platform Features

NEUROCAM-IQ presently supports multi-industry deployment with advanced analytics and facial recognition capabilities.

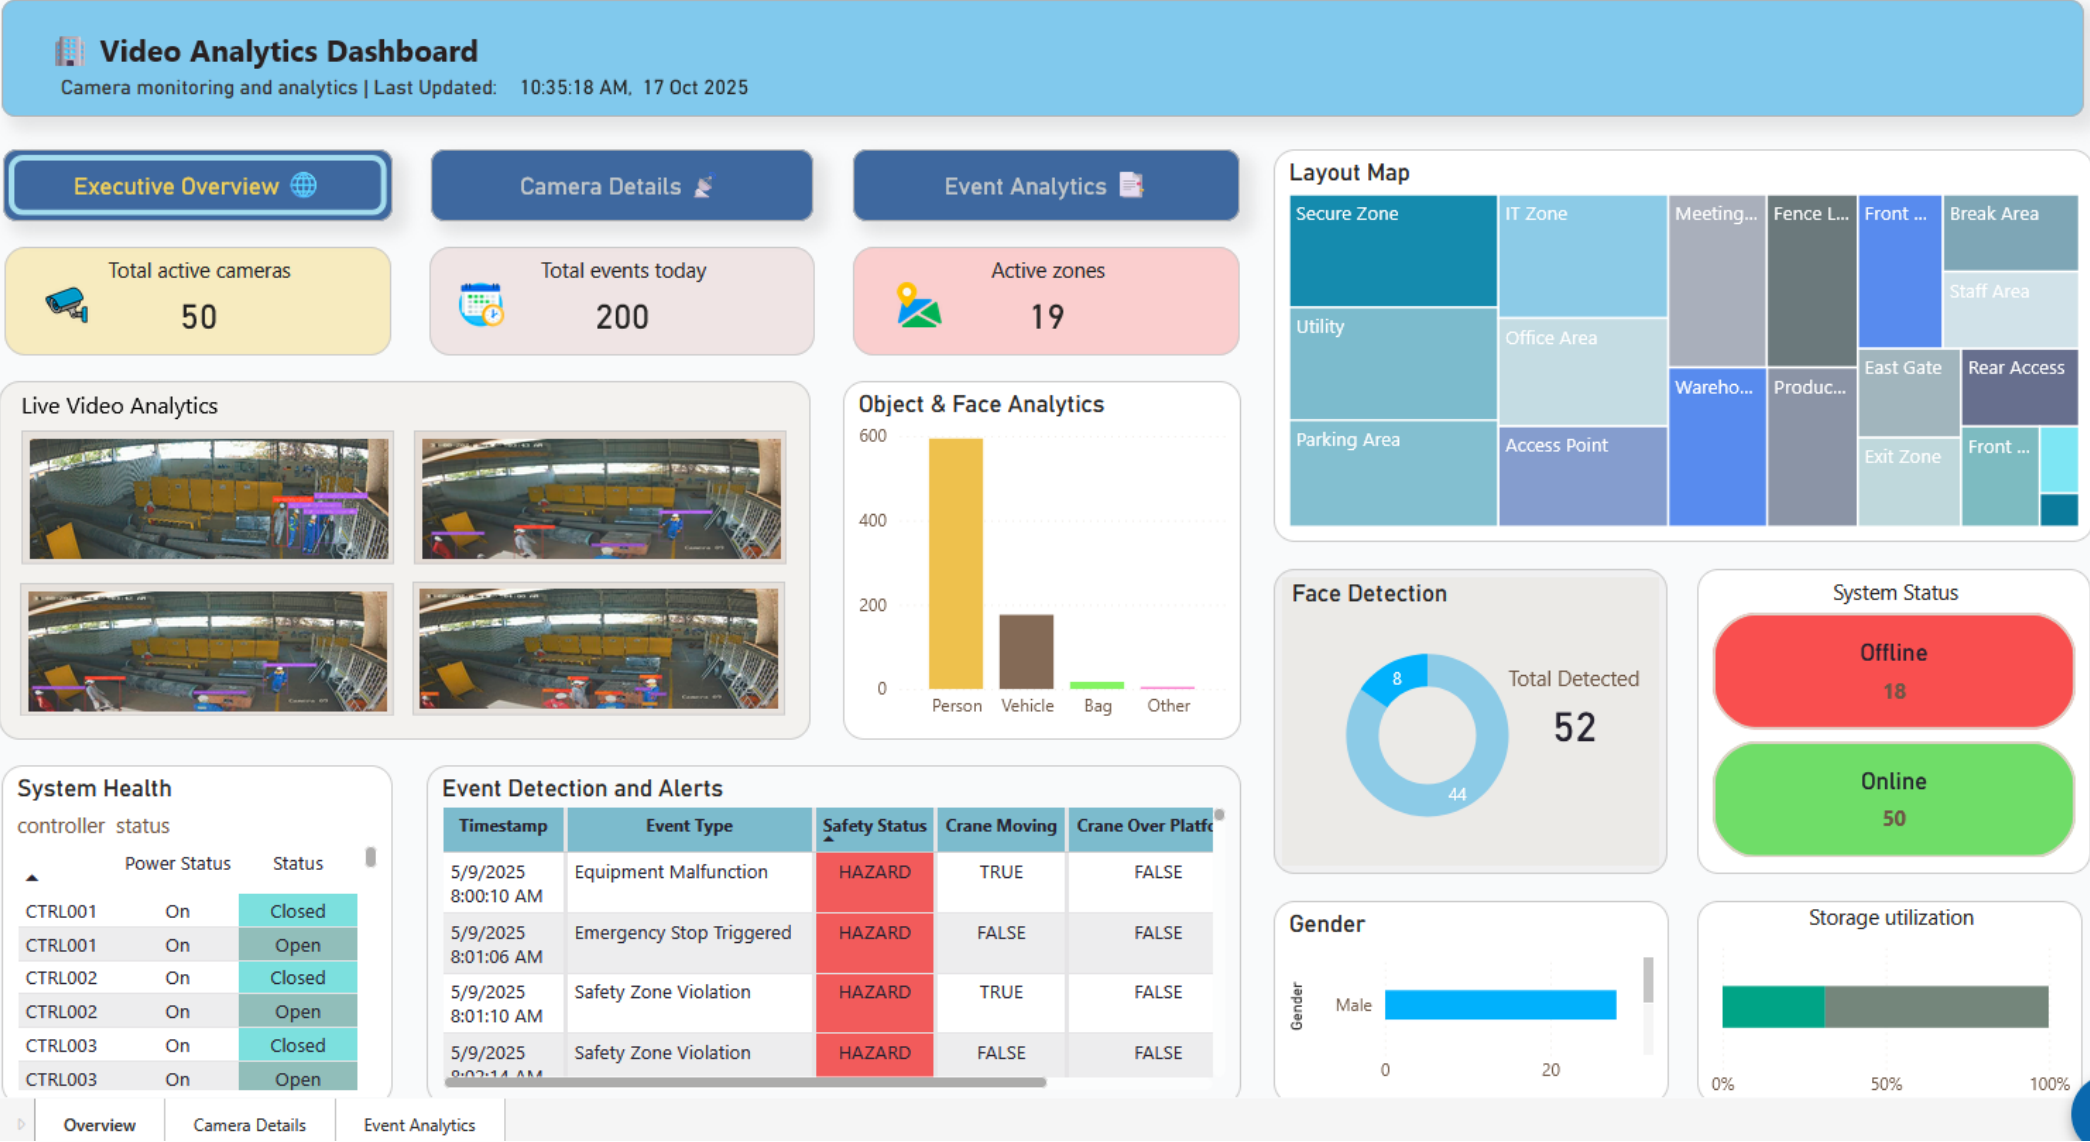

Next Phase Enhancements

Upcoming features include predictive analytics, emotion detection, and voice-video fusion for improved contextual insights.

Future Vision and Expansion

Plans involve global partnerships and an AI model marketplace to allow platform customization and growth.
